**7.2 FROZEN SEMEN.** When Owner inseminates Mare with frozen semen, Owner may be entitled to re-breed Mare, or a substitute mare approved by WT, again to Stallion in the next year's breeding season only, if (i) 60 days after insemination the Mare is barren; (ii) Mare aborts; or (iii) the delivery is not a live foal. Under any of these conditions, Owner shall, within seven (7) days of any of the above events, at their expense, have their veterinarian certify the identity of the Mare, verification of stillbirth, loss of pregnancy, or a non-living foal, with reasonable certainty and backup records, so that WT may authenticate the veterinarian's conclusion. If WT is satisfied in its sole discretion with the veterinarian's conclusion, WT shall provide one (1) additional dose of frozen semen to Owner for \$700.00 or two (2) doses for \$1,400.00. Said amounts are non-refundable and must be pre-paid to WT. The cost of shipment, collection, and handling
